

ERGENE[®]

CHEMICAL GENERAL MAINTENANCE

Technical Data Sheet

ER.813. CLEAR INSULATING VARNISH

ERGENE ER.813 is an outstanding coating on electrical insulation and conductive metals. It tough smooth surface defies abrasion and repels oil, grease and other contaminants. This product protect underlying insulation and wires from attack by acids, alkalis, and other corrosive element. Temperature up to 135 °C will alter the coating.

APPLICATIONS

Armature and stator winding, electrical connectors. Commutator ends, coil (to protect Lead)

DIRECTIONS

Apply ne dipping, brush or spray. A tack free dry is achieved in 30 – 45 minutes. Complete during takes only two hours.

PACKAGING

- 12 Cans / box (500 ml / can)
- 20 Liter / pail
